

The Blog:

Where can I see & walk through an Aruva unit?

Meta Description:

Aruva: Quality You Can Feel. Space You Can Experience. Why not schedule a tour of an Aruva unit at our Lisarow factory or at our regional display at Narrabri?

Where can I see and walk through an Aruva unit?

We encourage you to take advantage of what others are also experiencing by having a walk through one of our units. It's super important that you get a first-hand feel of what it's like to enjoy life in one of our units.

Before you make the decision to invest your hard-earned dollars into an accommodation unit, you should be aware of what's available and we'd love to show you how our units are different from many others on the market.

And we mean it when we say that there's nothing quite like walking through one of our units to experience the spaciousness and to feel the quality of the fixtures and fittings that we include in all of the units that we build.

In fact, our customers are often genuinely surprised at how spacious and comfortable our units actually are when compared to some of the other offerings that they might have seen first-hand elsewhere.

So, where can you physically see an Aruva unit for yourself?

At our Central Coast factory in Lisarow.

Based on how our production is keeping up with the demand, there's generally always a supply of stock units available at our factory in Lisarow. Our factory address is 5 Sunny Bank Road, Lisarow, NSW. This allows our customers the opportunity to see the different units first hand.

When you come to visit, we would be more than happy to show you through the units that we have in stock so that you can get a better idea of what they look and feel like inside.

Just give us a call first, before you plan to visit, and we'll make sure that we have someone available to give you a tour and explain some of the features that we like to include in all our units.

Regional display at Narrabri.

We also have a regional display unit out at Narrabri which is more accessible for our customers who live in more remote areas. Many of our customers have taken advantage of this and visited the unit to see the Aruva difference themselves. We'd be happy to come and meet you there to show you through.

If this is closer for you, feel free to give us a call so that we can arrange a suitable time to meet you there and show you through the unit.

More display units coming soon.

Thanks to popular demand from our many customers, we'll be placing more regional display units soon to make it easy for everyone to come and view an Aruva up close and personal. So, stay tuned and we'll let you know as and when these become available.

If you want to book a time to view one or more of our units, just give us a call on 1300 59 59 31 to book a suitable time for a tour, or click [here](#) to schedule a time that works for you.
